React / Next.js Frontend Engineer

Frontend Engineer with 3 years of experience building scalable and high-performance web applications using React, Next.js, and TypeScript. Experienced in developing reusable UI architectures, integrating REST APIs, optimizing frontend performance, and delivering production-ready features in collaborative and remote environments.

WORK EXPERIENCE

Augmented Intelligence (AUI)

Jan 2025 - May 2026

Frontend Engineer - Remote

- Optimized React components and rendering behavior to improve application performance and reduce unnecessary re-renders.
- Built reusable React + TypeScript components to reduce duplication and improve maintainability.
- Integrated REST APIs and collaborated with backend developers to deliver seamless user experiences.
- Worked in an AI-assisted development workflow using tools like Cursor and Claude to accelerate development and improve productivity.

GuruHub - Nablus, Palestine

Apr 2024 - Oct 2024

Frontend Developer

- Developed SEO-friendly and server-rendered applications using Next.js and TypeScript.
- Built responsive and dynamic UI components using React and Tailwind CSS.
- Integrated frontend applications with backend systems in Agile development environments.

RAY Solutions - Jenin, Palestine

Mar 2023 - Mar 2024

Software Engineer

- Developed responsive web applications using React and cross-platform mobile applications using React Native, with API and third-party service integration.

Foothill Technology Solutions - Nablus, Palestine

Feb 2022 - Jun 2022

FrontEnd Trainee

- Trained in HTML, CSS, JavaScript, and React, with experience in unit testing and functional programming.

EDUCATION

Palestine Technical University – Kadoorie - Tulkarm, Palestine

Bachelor's Degree – Computer Systems Engineering, Jan 2023.

PERSONAL PROJECTS
